Chairman's Message 2021

Welcome all to another season of cricket. Every year I seem to write, it's a difficult time for cricket. This remains the case. The league has an influx of new teams some through no fault of their own. To place teams in the appropriate division, some teams have had their position in the league adjusted. This is never an easy task and I hope you all understand the logic in our decision. I also hope all of the new teams enjoy their time in our league. From those new teams we have two new committee member volunteers, which demonstrate their commitment to our League, and I welcome them both onto the committee.

As a League we expect you all to adhere to the "Spirit of Cricket". It is up to everyone to ensure this. When it all gets hot and bothered on a Saturday, can someone intervene and tell the people how the game should be played. The game is more important than win at all costs.

As ever I ask clubs to ensure anyone running a team knows what is required of them. In the main we have problems when someone is standing in or helping. The league has controls in place to try and keep the League's administration easy to deal with. We do have fines and penalties which are designed to make sure clubs do what they are supposed to so we all can help with the smooth running of the League. We would prefer a season with no fines, and where everything is done on time. Please pass on all the League requirements to those who need to know.

A game of cricket takes a lot of time and effort from a great deal of people. Thank you all for your effort's every week to ensure the games can be played. May I wish you all an enjoyable summer of cricket.

Guidance On Sporting Marks

Marking system

All captains now award their sporting marks in isolation of each other.

It is the responsibility of both teams to email the Sporting Mark to the designated officer to arrive no later than 12 Midday on Sunday following the Saturday game. Details of designated officers by Division is included on page 6.

Guidance for Captains and players on marking

The normal or average mark awarded is seven points

This is where nothing really contentious or outstanding has occurred. It allows for exceptional sporting behaviour to be awarded with an eight, nine or even ten. Where negative issues have arisen, a six or less should be awarded.

Please inform the League Secretary of all instances of exceptionally good sporting behaviour.

Four or below is considered significant, the circumstances of which must be sent in writing to the League Secretary. This letter shall be sent to the League Secretary within 7 days of the game.

Please ignore any isolated or brief incidents.

The captain, should consider the statements overleaf when deciding the sporting mark to award the opposition. These statements should be considered as a whole and not one point for each criteria. Remember the normal mark for a normal game is 7.

Issues to consider prior to awarding a sporting mark:

- Acceptance of decisions given by the umpires (players, club or official)
- General respect given to the umpires decisions by players during and after the game
- Behaviour of players generally towards other players and umpires on and off the field
- Unnecessary over the top appealing or sledging by players
- How the captain controls the players, particularly during difficult periods or when tight umpiring decision go against the team
- General application of the laws by the team and umpires (This can be either a player who stands in as an umpire during the game or club umpires).
- That the team played the game within the spirit of cricket not just to the laws
- Any unusual positive behaviour by an individual
- Any unusual positive behaviour by the team

If you have any queries or require any clarification regarding this award, please contact George Mawby on 07711 529470.

Should you observe exceptional sporting behaviour, please inform the league secretary. At the end of the season, the League will award £250 to the team with the most exceptional sporting performance of the season. The team nominating them will also receive a £50 award.

1. Fast Bowling Match Directives

Issued October 2009. For any subsequent changes visit www.play-cricket.com

AGE:	MAX. OVERS PER SPELL	MAX. OVERS PER DAY
Up to 13	5	10
U14, U15	6	12
U16, U17, U18, U19	7	18

For the purpose of these Directives a fast bowler is defined as a bowler to whom a wicket keeper in the same age group would in normal circumstances stand back to take the ball.

Having completed a spell the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his* spell have been bowled from the same end. A bowler can change ends without ending his current spell provided that he bowls the next over that he legally can from the other end. If this does not happen his spell is deemed to be concluded. If play is interrupted, for any reason, for less than 40 minutes any spell in progress at the time of the interruption can be continued after the interruption up to the maximum number of overs per spell for the appropriate age group. If the spell is not continued after the interruption the bowler cannot bowl again, from either end, until the equivalent number of overs to the length of his spell before the interruption have been bowled from the same end. If the interruption is of 40 minutes or more, whether scheduled or not, the bowler can commence a new spell immediately.

Once a bowler covered by these Directives has bowled in a match he cannot exceed the maximum number overs per day for his age group even if he subsequently bowls spin. He can exceed the maximum overs per spell if bowling spin, but cannot then revert to bowling fast until an equivalent number of overs to the length of his spell have been bowled from the same end.

If he bowls spin without exceeding the maximum number of overs in a spell the maximum will apply as soon as he reverts to bowling fast.

Captains, Team Managers and Umpires are asked to ensure that these Directives are followed at all times.

For guidance it is recommended that in any 7 day period a fast bowler should not bowl more than 4 days in that period and for a maximum of 2 days in a row.

Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season.

*Any reference to he/his should be interpreted to include she/her.

2. Guidelines for Junior Players in Open Age Group Cricket

The ECB has issued guidance covering the selection and participation of young players in open age group cricket. It is designed to help clubs to decide when to select young players in open age group cricket and how best to help their cricketing development when they play within open age groups. The ECB keeps these guidelines under review and, following feedback from clubs and leagues, has revised these guidelines for the 2011 season. The ECB will continue to monitor the impact of these guidelines and you are invited to feedback your thoughts and comments in writing to the ECB Non-First Class Cricket Department.

1. Making the step up from junior to open age group cricket is a significant event in any player's cricket experience. Ensure that the player's safety, personal development needs and overall experience are considered.
2. There is no definitive age at which they should be introduced to open age group cricket but determine each case on an individual basis dependent on their ability and stage of cognitive and emotional maturity to take part at this level, however, clubs, squad coaches and managers must take into account the requirements on age at point 9 of this guidance.
3. ECB Fast Bowling Directives and Fielding Regulations should always be adhered to for junior players in open age group cricket.
4. Provide an opportunity for players to show their talents in an appropriate way. Children who are just used as fielders will not fully experience the game.
5. Be supportive at all times for all forms of effort even when children are not successful. Try and put them in situations where they will experience some success (however small) and ensure plenty of praise and encouragement.
6. Try and involve them in all aspects of the game whenever possible i.e. socialising, team talks, practice, decision making etc. so that they feel part of the team.
7. Children will often feel more comfortable and able to perform if they have a family member or friend also playing in the side.

8. Remember, children's early experiences will remain with them always and will often determine whether they want to remain playing the game or give up and do something else!
9. Players who are selected in a County U12 squad in Spring for a summer squad or in another squad deemed by ECB Performance Managers to be of a standard above 'District level' for that season are eligible to play Open Age Cricket. This is providing they are at least 11 years old, and in School Year 7 on 1st September in the year preceding the season and have written parental consent to play. In allowing these players to play in Open Age Cricket it is essential that Clubs and Coaches recognise the 'Duty of Care' obligations towards these young players.

This means that County Squad and Area Squad players, both boys and girls are able to play Open Age Group Cricket if they are in U12 Age group and are a minimum of 11 years old on 01 September of the year preceding the season. District and club players who are not in a County or Area squads must wait until they reach the Under 13 age group, 12 years old, Year 8 on 01 September of the preceding year prior to being able to play in any Open Age Cricket, again written parental consent is required for these players

The duty of care should be interpreted in two ways:

- Not to place a young player in a position that involves an unreasonable risk to that young player, taking account of the circumstances of the match and the relative skills of the player.
- Not to create a situation that places members of the opposing side in a position whereby they cannot play cricket as they would normally do against adult players.

In addition the guidelines note the need for clubs and leagues to recognise the positive experience that young players should have in open age cricket and thus clubs should provide an opportunity for players to show their talents in an appropriate way. Children who are just used as fielders will not fully experience the game.

Section 3 ECB Guidelines for junior players in open age group cricket – October 2010.

3. Use of Helmets — Young Players

The ECB has issued guidance covering participation of young cricketers in adult matches. Age groups are based on the age of the player at midnight on 31st August in the year preceding the current season. All Clubs should obtain and abide by the ECB Directives.

In particular, the following specific requirements apply to young players playing in any match in the T Rippon Mid Essex Cricket League.

All young players who have not reached their 18th birthday on the date of the match must wear a helmet with a faceguard when batting and when standing up to the stumps when keeping wicket. Parental consent not to wear a helmet will not be accepted in adult matches. A young player acting as a runner must also wear a helmet even if the player that he is running for is not doing so. This is not negotiable.

The current ECB fielding regulations must be adhered to and enforced by the umpires and captains. Umpires are empowered by these fielding regulations to stop the game immediately if a young player comes within the restricted distance.

Finally, full details of the Directives relating to young players can be obtained from the ECB directly by contacting the Cricket Department.

4. Helmet Use in Adult Recreational Cricket

For guidance on use of helmets in adult recreational cricket, please refer to league website for correct and up to date information.

Guidance information

The guidance below is designed to assist clubs in interpretation of cricket laws, league rules and match day situations.

Law Changes

The Laws of cricket have undergone a significant update since the 2017 season. Club are advised to review these changes and ensure players and officials are aware of how they affect them. Law 42 does not apply within the T Rippon Cricket League, unless two panel umpires are standing

Umpires

The appointment of umpires to a match shall be based on the following priority:

1. League appointed umpires
2. Non playing club umpires, provided they are due to stand for the duration of the game
3. Player umpires

It is the Captain's responsibility to ensure players who stand as umpires, during the game understands the Laws of the game sufficiently to accurately, consistently and fairly apply the laws of the game.

All umpires, whether neutral, club or players shall be given the same respect and courtesy expected of League appointed umpires. The League will deal appropriately with any unacceptable behaviour towards umpires.

If the League does not supply umpires, each team is entitled to supply a non-playing umpire as in clause 2 above. A Captain, Team or Club cannot refuse any umpire from officiating providing that person is prepared to stand throughout both innings.

Team sheets

Before the toss for innings, the Captain must nominate players (on a team sheet) who cannot be changed without the consent of the opposing Captain. The team sheet shall be handed to the umpires (Captain if players are acting as umpires) prior to the scheduled start of the match. The team sheet shall also show the age group of all players who are 18 or younger. Where players are used as umpires, it is the Captain's responsibility to ensure the umpires are aware of the playing restrictions applicable to young players and the umpires' responsibility is to ensure these conditions are adhered to during the match

Team sheets shall be retained by the Club and produced on request of the League
